

# How to Order Metal Trims/Transitions

Part Number Legend (4 components)		Example 1: GLM- REB100			
1. Great Lakes ID	3. Color Code	GLM-	RE	B	100
2. Style Code	4. Size Code	Great Lakes ID	Round Edge (Style)	Light Bronze (Color)	3/8" (Size)
1. Great Lakes ID		Example 2: GLM- A125			
GLM-	Great Lakes Tile Products, Inc.	GLM-	No Letter Designation	A	125
		Great Lakes ID	L Channel (Style)	Mill Finish (Color)	1/2" (Size)
2. Style Code		Example 3: GLM- ICVC100			
	L Channel (has no letter designation)	GLM-	ICV	C	100
BND	Bendable L Channel	Great Lakes ID	Inside Cove Corner (Style)	Clear (Color)	3/8" (Size)
RE	Round Edge*	TYPICAL APPLICATIONS / USES FOR EACH STYLE			
RETC	Round Edge Top Cap		<b>L Channel</b>	Our most widely used transition trim. Primarily used to transition from tile to carpet protecting the tile's edge from chipping. This universal trim can be used in a variety of applications including, but not limited to, a corner guard on vertical wall applications. * L-Channels are available in 10-foot lengths on select items	
MO	Mosaic		<b>RE Round Edge</b>	A unique and cost effective alternative to expensive bull nose and/or tile trim pieces. A great way to finish and soften tile edges on wall applications.	
SE	Square Edge*		<b>RETC Round Edge Top Cap</b>	A decorative transition used as a design element which acts as a chair rail, adding some depth to your tile project. This design has an added feature that allows you to hide the edge of wall paper behind the transition.	
LS	Listello		<b>MO Mosaic</b>	An ideal trim for use with glass mosaic and thin porcelain laminate to form a perfect corner or finished edge.	
R	Reducer		<b>SE Square Edge</b>	An accent trim which can be used to trim a corner edge or used between tiles in a wall application. Corners are also available.	
RR	Ramp Reducer		<b>LS Listello</b>	Enhance your backsplash or field tile with our Listellos by adding a metallic flare to your project. Stainless Steel items safe for use in floor applications.	
TK	Carpet Tuck		<b>R Reducer</b>	A great trim and edge protection which provides a smooth transition from tiled floors to lower floor coverings, avoiding a trip hazard. Ramp Reducer also available which provides an even more gradual transition.	
TE	Tread Edge		<b>TK Carpet Tuck</b>	An excellent choice to transition from tiled flooring to a tight piled carpet. Provides a 1/4" gap under the trim in which to tuck the carpet's edge. Keeps carpet from fraying.	
TES	Tread Edge Smooth Face		<b>TE Tread Edge</b>	This patented trim has found many applications. It is most commonly used for the face edge of a stair step, primarily on the main floor going to the first step of the basement or lower level. Smooth edge also available.	
HS	Hybrid Stair Nose*		<b>HS Hybrid Stair Nose</b>	Minimizes slips on tiled stairs in entryways and wet areas by utilizing a grooved plastic in conjunction with an aluminum base and mud flange. The extended lip allows the risers' edge to be covered leaving a clean finish.	
CV	Internal Cove*		<b>CV Internal Cove</b>	Our internal cove is an alternative installation method for commercial floor to wall transitions which aids in keeping a sanitary environment. Inside and outside corners are also available.	
TCH	T Channel		<b>TCH T Channel</b>	A new industry design exclusively from Great Lakes Tile. This trim was introduced to provide an alternative solution for trimming large tiles used on walls when the tile and backer board or mud backing needs to be finished.	
EJ	Expansion Joint		<b>EJ Expansion Joint</b>	A combination of 2 pieces of Clear finish (anodized) support legs joined by a polyurethane core. This allows the relief needed during the expansion and contraction of the substrate slab under the tile thus preventing the tile from cracking due to this movement.	
JC	Joint Cover		<b>CGSS Corner Guard Stainless Steel</b>	A heavy-duty Stainless-Steel profile used for protecting wall corners of multiple types, from impact damage. The Corner Guard is primarily used in commercial applications where high traffic areas are identified preventing chipping and cracking of the wall finishes.	
EC, C, I, O	*End Cap, Corner, Inside Corner, Outside Corner (placed before Style Code)		<b>LVSE Luxury Vinyl Square Edge</b>	Square edge – An accent trim made for vinyl flooring where the ends and/or edges are exposed, providing a smooth clean finished look.	
LVSE	Luxury Vinyl Square Edge		<b>LVR Luxury Vinyl Reducer</b>	A great profile that can be used to create a smooth transition from your vinyl flooring to lower floors coverings. This application can help prevent tripping hazards and present a clean finished transition.	
LVR	Luxury Vinyl Reducer		<b>LVSN Luxury Vinyl Stair nose</b>	The LVT Stair nose provides a very clean finish to a step or staircase. The design allows for a simplistic fit to your vinyl flooring while also capping off the face of your stairs with a complimentary finish.	
LVSN	Luxury Vinyl Stair Nose		<b>LVT LVT T-Channel</b>	A unique product that can be used for residential or commercial applications. This profile allows you a clean transition between vinyl flooring and other flooring, great for wall paneling as well.	
LVT	Luxury Vinyl T Channel		<b>CV1LSM 1 Leg Surface Mount Cove</b>	This profile is designed for commercial applications on walls with existing flooring already installed. It has a radius that keeps dirt from accumulating. This profile provides an easy to clean surface for a clean and sanitary finish. Corners are available.	
CGSS	Corner Guard Stainless Steel		<b>CV1LIC 1 Leg Integrated Cove</b>	Our integrated Cove is designed for wall corners, floor/wall transitions and countertop/backsplash transitions. The radius of the product does not allow the accumulation of dirt and is easy to clean providing a sanitary, clean look. Corners are available.	
JCH	J Channel	3. Color Code			
NCH	Niche	A	Mill Finish (not Anodized)		
LC	Leveling Clip	B	Light Bronze		
WG	Wedge	BC	Bright Chrome		
CSH	Corner Shelf	BG	Bright Gold		
HBB	Hammered Binder Bar	BLK	Black (Matte Black)		
HCG	Hammered Carpet Gripper	BRN	Brushed Nickel		
HPG	Hammered Pinless Gripper	C	Clear (Satin Silver)		
HPG	Hammered Pinless Gripper	DB	Dark Bronze		
HSN	Hammered Stair Nose	DGRN	Dark Granite		
CV1LSM	1 Leg Surface Mount Cove	G	Gold		
CV1LIC	1 Leg Integrated Cove	GY	Grey		
3. Color Code		GRN	Granite		
A	Mill Finish (not Anodized)	SAST	Sandstone		
B	Light Bronze	SS	Stainless Steel		
BC	Bright Chrome	PBE	PVC Beige		
BG	Bright Gold	PW	PVC White		
BLK	Black (Matte Black)	W	White (Powder Coated)		
BRN	Brushed Nickel	4. Size Code			
C	Clear (Satin Silver)	Selecting the size of Trim/Transition height is determined by the thickness of tile and the thickness of thinset or mastic.			
DB	Dark Bronze	45 = 5/32"	110 = 7/16"	220 = 7/8"	
DGRN	Dark Granite	60 = 1/4"	125 = 1/2"	250 = 1.0"	
G	Gold	80 = 5/16"	160 = 5/8"		
GY	Grey	100 = 3/8"	200 = 3/4"		
GRN	Granite				
SAST	Sandstone				
SS	Stainless Steel				
PBE	PVC Beige				
PW	PVC White				
W	White (Powder Coated)
